

3-day Palliative Care Course

Enhance your knowledge and confidence in delivering high-quality palliative and end-of-life care.

This engaging, face-to-face training programme offers a valuable opportunity to learn directly from the multidisciplinary team at Moya Cole Hospice in their specialist fields, alongside expert external speakers.

You'll gain practical insights, share experiences, and build skills you can apply immediately in your role.

"Brilliant – very clear and interactive. Well suited to the mix of clinical skill levels in the audience."
